BOARD MEETING - April 27 - May 1, 1992

STATE OF IDAHO

SPECIAL BOARD MEETING - TELEPHONE CONFERENCE

The following issues were discussed and reviewed between Chairman Dale Baird and various Board members on May 28, 1992:

Board discussed approval of the renewal application for Peter Jensen. He was previously licensed for conduct of llama assisted pack trips in the Island Park area, along with his wife conducting naturalist tours, as "Lucky Dog Retreat". They are now divorced, and in April the Board approved a "restructuring" of that previous license, issuing it in her name (Jan Brown), for conduct of naturalist tours. Peter had submitted a routine renewal for his license early this spring, along with a renewed special use permit from the Forest Service, expecting he could get his license for llama trips again in the same general area. Chairman Baird felt the full Board needed to review the matter before routinely renewing the license. Renewal approved with consensus of Baird, Epley, Kovalicky, and Barker.

Board reviewed the proposal submitted by Garden Valley Outfitters, Dan Rotthoff, DA, to relinquish all bear and cougar hunting from the Garden Valley Outfitters license, effective immediately. Relinquishment approved by Baird, Epley, Kovalicky, Barker.

An amendment request submitted by Bob Cole for the addition of certain streams for fishing purposes in the Stanley Basin/Middle Fork of the Salmon River area approved by Baird, Kovalicky, Barker.

Jeryl Fluckiger submitted a proposal to purchase the outfitter business currently operated by his father-in-law, A.W. Angell. All paperwork was in order and time was of the essence due to summer trailride trips already booked for the business, etc., and they didn't want to be delayed until the June meeting. Approved by Baird, Kovalicky, Barker.
